## RCU432

MECATRONIC

## Wire Jacket Stripper

### DESCRIPTION

The RCU432 wire jacket stripper has been designed to separate the insulation from the copper of electric wires.

It is suitable for stripping small and medium quantities as well as big quantities of cables with 6-240 mm<sup>2</sup> section range.

It is equipped with K 110 HRC 62 steel blades.

### Technical features

**Inner diameter (front panel):** 9, 11, 16, 18, 22, 27, 33 mm

**Section:** min 6 mm<sup>2</sup> / max 240 mm<sup>2</sup>

**Speed:** 1350 r/m

**Power supply:** single-phase 220 V

**Dimensions & Weight:** 510 x 370 x 300 mm / 55 Kg

**CE Conformity:** RCU432 fully complies with all CE and EMC equipment guidelines relative to mechanical and electrical safety and electromagnetic compatibility.

**Important note:** Mecatronic recommend to submit wire samples in case of doubt about processing capabilities of a particular machine.
